

Vendors may park in regular parking lots while setting up/tearing down the event. Please know, vendors will receive a special 10% discount on beverages (excluding drip coffee) at RevoCup Coffee all weekend. RevoCup is located directly south of the event site.

On Saturday and Sunday during event times, vendor vehicles must be in the designated vendor parking spaces.

Why?: the vendor lots have been chosen based on parking areas less frequently used by customers and adjacent to un-occupied or storefront spaces under construction. Keeping prime parking areas open for customers increases the likelihood for increased customer traffic to both the event and for Town Center merchants.
